

E-Z PIPECUT MAGNETIC

Electric Driven Magnetic portable oxy-fuel cutting machine

ESWECO
The Art of Welding

ES's E-Z Pipecut portable oxy-fuel cutting machine and bevelling machines are the economical solution for cutting and bevelling pipe from 350mm upwards. The E-Z Pipecut portable oxy-fuel cutting machine is small and compact, strong and reliable, used by contractors, welders and pipe fitters, equally at home on site or in the workshop.

Two sets of magnetic, electrically driven roller wheels are housed inside the body of the ES E-Z Pipecut Magnetic portable oxy-fuel cutting machine, these rollers (offering a magnetic absorbability force of over 50kg) ensure the machine stays in contact with the pipe as it travels around the circumference, cutting and bevelling as it goes.

The ES E-Z Pipecut Magnetic Machine is rugged yet lightweight, so ideal for general use on the job site, or in the workshop.

Guide Band

For guaranteed square cuts and bevels on pipe diameters larger than 600mm we recommend the selection of the optional guide band system to suit the relevant pipe size(s).

TECHNICAL SPECIFICATION

Part No	EZPCMA1: 110vEZPCMA2: 220v
